QUILT SHOP

August 14, 2018

The Fall 2018 schedule is done! We may make a few changes here and there and we may add a class or two. And I'm sure I made a few mistakes. It happens. I'll apologize ahead of time.....

And the explanation for the classes will be coming soon. Please feel free to sign up now--and if you are interested in any class, but aren't sure, please just tell us and make sure we put your name down anyway. That will help me prepare better for upcoming classes. And I'm serious about telling us--or me in particular--to write your name down--I forget to do that & then I never know who is coming to class. You'll be doing me a favor by helping me stay on track. :)

We have a jam packed fall schedule, and it starts early in September. We are offering more classes during the week, mainly because we don't have that many weekends for all the classes we want to offer.

I'll alert you to a couple of classes right now: The Baltimore Woods class starts September 1. If you are interested, let me know right away. We are bringing in the background fabric that Sue used in her quilt and if you want it let me know ASAP. Also, if you plan to take the class and don't have a pattern, let me know ASAP as well.

Also, the T-Shirt class had 4 different sessions: 2 in September and 2 in October. My plan is teach how to organize, stabilize and cut your T-shirts in the first class, Sept. 3. The subsequent classes are for designing and showing you how to put your T-shirt quilt together. You will not need to attend all 3. But....if you miss the Sept. 3 class, you can

come to the Oct. 8 class for help in cutting and stabilizing. If you're interested in the class, come in & talk to me. We can work it out.

Also, the Hummingbird class: It used the hummingbird panel that we are sold out of. I am trying to get it reordered, but I'm not sure if it's available. However, if you bought the fabric already and haven't figured out what to do with it, this is the class for you. But....the class is intended to teach you how to use any size panel square for your quilt. Western, Christmas, Halloween, playful pouches -- anything. The pattern is very versatile. So don't just think "hummingbirds" when you look at the quilt.

Enjoy!
