

**WED, JUNE 20 6-8:30**

## **After Market Party Extravaganza! \$10 Sign Up**

We have an evening full of fun, sales and prizes. Everyone who attends will win a door prize--some prizes are better than others, but everybody wins. Please sign up in advance so we can better prepare.

We will tell you what we learned at Market, what will be coming into the shop over the coming months (clear into December), what new classes we will have, and other fun things.

Since we attended "School House Sessions" where we learned new things, we will have a few school house sessions for you, to learn new things. You will have a chance to buy at 20% off select stuff and a chance to order new patterns, fabric and books.

You can preview some of the items that will be sold and given as door prizes--they are in the old classroom, which is sometimes a place where you enter at your own risk. :) We still have a few things coming.

June 15, 2018

Well, I found the horn. Thankfully, Subaru hadn't moved it because I couldn't do reverse and horn at the same time. In my defense, reverse is up or forward in an automatic and down and to the right on a manual and I haven't been driving the automatic that long. If I had gone down to the right and pressed the gas, I probably would have plowed into the guy.

So I could only watch as a guy pulled out of a parking space, swinging to the left. He was within an inch of wiping out the entire front end of my brand new car. If it had been my old car, I probably would have let him take out the front end. He looked like he had insurance. But it's an entirely different feeling when you haven't yet owned the car for more than a week, haven't yet made a car payment and haven't actually yet paid for the insurance. Let alone the plates. All I could think of was, "I just got this car and it's about to spend a week or more in the shop getting repaired."

And then it happened again. I was behind a guy pulling out of the parking lot here at the shop. But he decided he needed to back up, didn't look and almost backed right into me. Once again, the horn was useful. I'm keeping my fingers crossed that I'll at least get 1,000 miles before something happens.

But enough about my car. I need to bring you up to speed on the book 1776 by David McCullough and why he just wrote about that beginning year of the revolutionary war. It's because of what happened in December of that year-and everybody knows what happened. Really you do. There's even a Gieco commercial about it: Washington crossed the Delaware on Christmas. Actually, he crossed it a couple of times. As battles go, it wasn't a big battle, but he pushed the Hessians out of Trenton, which boosted troop morale, secured Washington's role as a leader and gave Congress more enthusiasm to pursue the revolution. And provided the subject of the famous painting by Emanuel Leutze. And you learn about this in the last couple of chapters of the book. Talk about a cliff hanger.

More updates: The back yard is halfway mowed. I ran into a 5 gallon black bucket hidden in the grass that didn't do my mower any favors. But my reseeding program is otherwise going fairly well. The backyard is still pretty green. I do have to mow the strip right behind the garage because the backup camera in the car thinks it's an obstruction, causing the car to slam on the brakes. And that gives me a better understanding of the difficulties driverless cars have: Do you really have to break for a 3 foot strand of grass or is it safe to drive over it.

And in case you haven't noticed, the moths are back. In the past, I have opened windows with the thought that the moths want to travel west, toward the mountains and the setting sun. And that has worked to some extent, although it sometimes lets in more moths than out. This year, I am strategically deploying my house lights-I only turn on the light in the entryway and the light by my couch. The moths hang out around the ceiling in the living room, and then gravitate to the entryway when I go to bed. In

the morning, I open the back door and the moths all fly outside. So far, it's working.

And Becca still needs a haircut. And we're still debating the cat question: Becca wants something young that she can mold into her own image, so to speak. I want something older that has no qualms about paw slapping Becca when she needs it. These discussions are ongoing.

---

## WHAT'S NEW!!

Hoffman Bucking Horse & Rider fabric is here! I have limited bolts, so don't wait too long to come in a get your fabric. As always, what I have is all there is for this year. I assume Hoffman will reprint, but I have not asked yet. If Hoffman reprints, fabric won't be available again until next May, so plan accordingly.

**SIGN UP FOR LONG ARM**

# QUILTING CLASSES TODAY!

Classes are on Wednesdays and some Saturdays: 10:30-1:30; 2:30-5:30, or 6-8:30. Check the calendar for dates. Only 4 to a class.

Rentals have started for those who have taken the class. Tuesdays and Fridays, and a couple of Saturday and Sunday rentals. Check the calendar for rentals. Generally, there are 2 rentals times per day: 10:30-2 and 2:30-6. \$25/hr or \$85 for 3 1/2 hours. \$50 minimum. Plus \$5/bobbin for thread. Most quilts (double and smaller), even for beginners, will take about 2 1/2-3 hours. We will discuss what you plan to do on your quilt and will help you estimate how long it will take.

Class descriptions follow the calendar, so keep scrolling. Classes are listed alphabetically.

**Beginning Quilting Thurs. starting Thus June 7 1-4 OR Sun June 10 1-4  
8 weeks \$65 Barb Boyer**

This comprehensive 8-week course will introduce to you almost everything you need to know about piecing a quilt top. Along the way you will learn about color, batting, thread, machines and various techniques to give you the skills to make almost any quilt.

**Block of the Month First Sat of  
month 10:30-11:15 FREE Barb  
Boyer**

Join at any time. You get a free fat quarter if you come to class with the previous month's completed block. This year we're making a "modern" quilt. Something new, something different. I will provide some other options as we explore the modern quilt world.

**Disappearing 9-Patch Wed July 18 Barb Boyer 10:30-5 \$20**

Take 48 5" squares, plus some extra fabric, make 9-patches, cut apart & sew back together again and voila! you have a fun, quick quilt. You don't have to worry about biased edges with this one. This is another one of our summer fun quilts. Techniques to learn: What happens when you chop up a perfectly good 9-patch!

**English Paper Piecing Club 4th (or last) Mondays 2-4 Barb Boyer \$20**

English paper piecing dates back to the early 1800s. It is a hand sewing method that uses paper templates to help sew complex angles together, like hexagons. Any number of different designs can be made, including Grandmother's Flower Garden-this is the pattern I am STILL doing this year. Several patterns will be available, including traditional Flower Garden and the Downton Abbey free pattern.

**Hand Applique/Back Basting Wed As scheduled Sandra Freeburg \$25**

Back basting is a template free method of needle turn applique. No slippery freezer paper or chalked lines on top that never seem to get turned under quite right. This method is especially great for traveling, because your pieces will be basted onto your background -- no need for pins to get in the way. This class is great for beginners and all levels of appliquers. Don't let hand applique frustrate you. It's really easy and relaxing!

**Hand Embroidery Club 2nd Sat. of the month, 10-noon FREE Kathy Sconce**

If you want to learn to hand embroider or just brush up your technique, join us on the second Saturday of the month from 10 to noon. You can work on your own projects or you can join the project we are doing. This year we are following a purchased pattern called My Crazy Life. It is wool appliques on flannel backgrounds. Then we will explore a variety of embroidery stitches to embellish each block-4 six inch blocks per month (or whatever you choose to do), for a total of 48 blocks. Each month Kathy Sconce shows us a new stitch to try, plus, she guides us through thread choices, how to knot, fabrics to use, and tracing techniques. We will also discuss wool, felted wool, wool felt, various threads for embroidery, various techniques for the wool applique and setting options for the quilt.

**Hand Quilting Wed As scheduled Sandra Freeburg \$25**

Hand quilting is an art that should not be lost. By the end of Sandra's class you will be hand quilting with confidence. Everyone has at least one special quilt that calls out for hand quilting. And there is nothing better than the feel of a hand quilted quilt. Do yourself a favor and learn this art that connects us to our past -- our mothers, grandmothers and great grandmothers.

**Hunter Star, the easy way, Sat June 16 10:30-5 Barb Boyer \$20**

The Hunter looks complicated, but with the fast & easy tool, it's a snap. We are getting beautiful collections that I bought specifically for this class. If you are looking to learn a new technique, this is a great quilt for that.

**Jelly Roll Race Barb Boyer Sat July 21, 10:30-5 \$20**

Using 1 2 1/2" strip set (you need 40-48 strips) plus fabrics for borders, you can stitch this colorful quilt in less than an hour. I'm kidding. You can't get the borders on. Okay, I'm kidding. But most can get the inside sewn in about 4 hours. But it is a race and I throw some extra fun into the class. This is a great quilt to use to practice your long arm machine quilting! And it is easy. You can add borders or leave as easy. This is another one of our summer fun quilts. Technique to learn: sewing strips together on diagonal without drawing your lines.

**Knit Pickers' Club 2nd Wed of each month, 6-8:30 Carol Moler**

Every second Thursday, we're getting together to practice our knitting. The Club is open to all skill levels. We want to share what we've learned, find new patterns,

and simply just sit and knit. This year we are doing a knit along project involving 6" squares. Each month we will learn a different pattern (or 2), make it into a square and eventually put all the squares into one project-afghan, scarf, bag, etc. Join us & learn some new stitches!

**Long Arm Quilting Classes Wednesdays in April & May from 10:30-1:30, 2:30-5:30 or 6-9 and Barb Boyer \$30 (check calendar for times & dates)**

In this class you will learn all about the Nolting long arm quilting machines: loading, threading, quilting. I'll demonstrate how to load and thread, set stitch length, change tension, wind and load bobbins. Then I will load a practice quilt onto the machine and show how to do hand guided quilting. Each student will be given at least 15-20 minutes of practice time. (Each class is limited to 4 students). You will be able to do free hand quilting plus you can practice following a pantograph. Any quilter who wants to rent to machines must take this class first, regardless of whether you have experience on a long arm machine. This class is not designed to teach you everything there is to know about long arm quilting-it's just a start.

**Monthly Minis First Saturday of the Month, Feb-Dec.  
4-6 FREE**

This year we are going to do the Great Pumpkin Quilt, a purchased pattern. It will start in February because we are still finishing last year's Holiday Houses in January. Starting in February we will work on the Great Pumpkin quilt. We will plan to do 2 blocks a month, and do the top banner section over two months. In class we will discuss use of color in the backgrounds and pumpkins. We will also discuss and learn various machine applique techniques to use on the blocks.

**Nine patch Snowball Quilt Sue Frerich Sat July 28, 10:30-5 \$20**

Learn how to the 9-patch block + snowball block turns squares into circles. We will teach the block in one size, but offer other sizes of blocks that are also suitable for 2 1/2" pre cut strips. If you need a quick western quilt, baby quilt, 30s reproduction quilt--this one makes up quickly. This is another one of our summer fun quilts. Technique to learn: How to make the corners of snowballs to the 9-patch seams.

**One Block Wonder Panel Quilt  
Sat April 28 & May 12 & 26 see  
calendar for times  
\$30 Sue Frerich**

For all of you who missed the class before, you don't want to miss this class-we won't have it on the schedule again for awhile. The

technique is called One Block Wonder and you need 7 panels for the quilt. Sue used a beautiful eagle print (keep your fingers crossed, we may be able to get 1 bolt). But we have lots of interesting panels that would make a fantastic One Block Wonder Panel Quilt. (I'm looking at the Star Wars panels....). The technique used is similar to a Stack & Whack quilt, but the difference is in how it is sewn together. This is truly a stunning quilt. You don't want to miss this class!

**Spoon Quilting As scheduled Sandra Freeburg \$25**

No more sore fingers! Learn to Spoon Quilt, with a special spoon quilting tool. This tool helps you keep your stitches tiny and even without pricking your finger. Need to have basic quilting skills (rocking motion quilting).

**Summer School Sessions Barb Boyer \$5 June 9 (Sat), 11 (Mon), July 9 (Mon), 14 (Sat), classes at 1 p.m., 2 p.m., 3 p.m. & 4 p.m.**

We are holding refreshed classes, called Summer School, that last 1 hour each. At 1 p.m., we will teach how to put on borders; at 2 the class will be on half square triangles, including how to measure, how to cut, the math involved and how to square up; at 3 the class will be on quarter square triangles; and at 4 the class will be on flying geese, how to cut, sew and square. So if you need a refreshed on one or more of these techniques, each class is only \$5 and lasts 1 hour. The classes are scheduled on Mondays and Saturdays (generally the second Monday and Saturday from June through August). Class is demo only; you don't need to bring anything but yourself.

**Window Squares Sat June 23, 10:30-5 Sue Frerich \$20**

Frame your square with a rainbow of colors, and a stripe border and you have a cute sunshiny quilt! You can add novelties in your squares, keep them low volume or make the polka dots. It's a quick & easy quilt. We call it Window Squares, because the quilt is hanging in our front window! This is another one of our summer fun quilts. Technique to learn: piano key border.

**Zig Zag Barb Boyer Sat June 30, 10:30-5 \$20**

Using 1 2 1/2" strip set (you need 38 strips) plus fabrics for the sides, you can stitch this colorful quilt in an afternoon (especially if you have all your strips cut & ready to go). You can add borders or leave as is. This is another one of our summer fun quilts. Technique to learn: How to keep track of all the colors.

## **Nolting Longarm Machines**

Nolting has 5 main machines, each with different reaches: from 17" to 30" depending on the machine. They are sold with or without a frame,

but after I saw & helped set up one of the steel frames this week, I recommend buying the frame. All machines, except for the Standard-- the most economical machine-- have a stitch regulator. I recommend a stitch regulator. All machines can be equipped with a computer and there are a couple of different ones to choose from. In addition, you can get an extended table base so that you can use rulers, you can get larger bobbins on some of the models and on the frames you can get hydraulic lifts to raise and lower the tables. In the coming weeks, I will print out more information on each model.

The best entry level machine is the Fun Quilter. It comes in 17", 20" & 23" reach. It comes with the Intellistitch Equalizer stitch regulator, standard speed control, needle up/down, and fixed handles in the front & rear. This machine can also be equipped with a computer.

The Pro Machine has the Intellistitch Turbo stitch regulator, single stitch option, standard speed control, needle up/down and customizable handles in the front & rear. The Pro Machine comes in 20", 24" and 30" reach with 10-12" of inside height. There are easy dials on the front to set stitch length and other options. This machine can also be equipped with a computer.

The NV Machine is the newest in the fleet of Nolting machines. This machine has a touch screen with programmable stitch regulation. You can stitch in 4 different stitch modes plus single stitch and needle up/down. It also has an adjustable brightness LED work light. This machine can also be equipped with a

computer.

Nolting also has a commercial machine with the Intellistitch Equalizer stitch regulator, standard speed control, needle up/down, and fixed handles in the front & rear. This machine can also be equipped with a computer.

\*\*\*\*\*

#### **HAND EMBROIDERY CLUB**

If you want to learn to hand embroider or just brush up your technique, join us on the second Saturday of the month from 10 to noon. We use printed patterns and some vintage free patterns that you can embroider, embellish and color. Depending on the projects, each month Kathy Sconce shows us a new stitch to try, plus, she guides us through thread choices, how to knot, fabrics to use, and tracing techniques.

\*\*\*\*\*

#### **Knit Pickin' Club**

This is another get-together class to sit & knit, work on our projects, share information and get some help. We will share techniques, suggest patterns, but mainly we'll sit & knit (or pick).

#### **Toad Toters**

On full moon days (as noted in the calendar) you will get 20% off all purchases (not otherwise discounted) that you can fit in your bag. You must bring your bag to participate.

**Full Moon Days:** Jan 1, Jan 31, March 1, March 31, April 29, May 29, June 28, July 27

#### **Discount Policy**

We will honor only one discount -- whichever is largest. You can't combine a 10% with a 25% discount to get a 35% discount. On this we can't be bribed."

#### **Color of the Month**

January purple; February red, March green, April yellow; May neutrals: whites & beiges; June brown; July Blue

Join the fun and come feel the difference of quality fabrics.

Happy quilting!

Sincerely, Barbara Boyer
