Travel, Explore, Cruise, Quilt!

We are set with a potential date for cruising to Panama! We had to choose one place to go to first and this seemed the best based upon your interest. We also had to choose a date-but if this date is not agreeable, we will look at an alternate date. The ships tend to sail to Panama between December and March.

We will be on a Princess Ship and the dates are December 29, 2020 - January 8, 2021. Traveling on a ship during the holidays is one of the most fun things to do. The ship will be beautifully decorated, New Year's will be celebrated at sea and there is bound to be free champagne everywhere you look.

Cost is approximately \$1769 per person for an interior cabin, which includes a class fee for the projects we'll be doing. We will also be given approximately \$135 on board credit from the Travel Company and Princess. We board in Ft. Lauderdale with port stops in Falmouth, Jamaica; Cartagena, Columbia; Cristobal, Panama; Puerto Limon, Costa Rica; Grand Cayman Islands. Plus, of course, cruising in and out of the Panama Canal.

Airfare is separate and we may want to leave a day early, Dec. 28, to fly to Ft. Lauderdale. I will work with the travel agency on getting packages for air and hotel. However, you do not need to opt into those packages and can make travel arrangements yourself. I plan to go a day early and will stay overnight at a hotel in Ft. Lauderdale. I will tell you whether I will go with the package provided or will do my own thing. This cost does not include travel insurance, which I encourage you to get. The travel agency works with a great company, so we can work through it if you want insurance.

If we get more passengers, it is possible the price may go down a bit.

If the dates are satisfactory, please let me know. There are other dates we can choose, but this was the first package I was satisfied with and wanted to pass it along to you. Those of you who have already expressed an interest, I will send you separate emails to confirm that these dates work.

Once the dates are locked in, I will ask for a nonrefundable \$100 deposit to be paid to Around the Block. Then we will set up a payment schedule and you will be paying the balance directly to travel agency.

I'm excited!

November 22, 2019

"What are you doing?" I asked Becca, who had just come in from outside with a piece of paper in her mouth. Becca is my opinionated mini Australian

Shepherd and she has her own way of doing things.

"I'm writing my Christmas list," she said. "I need you to mail it for me."

"That's so cute Becca, writing to Santa Claus. But aren't you jumping the gun a bit? Thanksgiving isn't even here yet."

"I'm not writing to Santa Claus. He's not a real thing," she informed me.

"Becca! I'm surprised at you. This is a family newsletter. You don't want to go around telling people that Santa isn't real."

"I said Santa Claus isn't a real thing. Santa Paws, on the other hand, brings treats and toys to all good little dogs. Maybe cats. I haven't figured that out yet. Cats are never on the nice list."

"And you are?" I asked her. She just growled at me.

"And when you say "little" does that exclude Cassidy? Because she's a big dog."

"Cassidy doesn't know how to write, so Santa Paws doesn't even know about her."

"If Santa Paws is anything like Santa Claus, he, or she, knows everything about all dogs, big or small, literate or not." She cocked her at that last bit. Clearly she doesn't know what "literate" means. I took the piece of paper from her mouth.

"Becca, this doesn't mean anything. You've put teeth holes in the paper, it's got mud on it and paw prints. Santa Claus, I mean Paws, won't be able to read this."

"Of course she will," Becca said. "See the teeth marks are for treats-big ones. Like bones. Big bones. And the paw prints show how many I want."

"And the mud?" "Just mud."

"So where do I mail this?"

"You don't know what a mail box looks like? Seriously?" She turned to go back outside. "Just make sure it's mailed before Thanksgiving. Dog sled mail

takes several weeks to get to the North Pole."

Sigh. But Becca's Christmas list is not what I wanted to talk about. It's Thanksgiving time, and we all know what that means: Age old, generations old, family recipes for the traditional Thanksgiving dinner.

Don't get me wrong. I love the traditional foods. I've been on cruise ships at Thanksgiving, and the chefs, typically European types, don't get it. They serve up fussy turkey meals with fancy trimmings, delicate sauces, weird veggies, and flan for dessert. I hate flan. Thanksgiving without corn from a can, mashed potatoes with lumps, gravy with lumps, biscuits from a tube, cranberry gelatin with the indentations of the can on the edges, green bean casserole, and jello mold salad isn't Thanksgiving.

Although, I suspect most of us avoid the jello mold salads these days. Something about lime jello with cottage cheese mixed in is not something we indulge in any more. Or the Pineapple-Cheese Mold with jello, pineapple, cheddar cheese and whipping cream. Ummm. Tasty. Or how about Beet and Horseradish Mold with lemon jello, celery, green onion, beets and horseradish. I can't even imagine why anyone would put those flavors together. Same with Celery-Cabbage Mold, with, you guessed it, cabbage, celery, lemon jello, pimiento and sweet pickles. And don't forget the lime jello with shred carrots. Crunchy.

But not all jello salads are weird. I've got two great ones, one courtesy of Jean's mom and one from Cooking Light, with a few changes, from me.

Strawberry Supreme calls for 2 packs of strawberry jello, frozen strawberries, and vanilla ice cream. Dissolve one pack of jello in boiling water and add the frozen strawberries. Stir till the berries dissolve a bit and the jello is thickened. Pour into mold. Chill until set but not firm. Dissolve other pack of jello in boiling water and add the ice cream. Stir till the ice cream melts. Pour on top of mold and chill till firm. I think I could live forever on this recipe.

My favorite jello recipe calls for alcohol-champagne or Riesling, but you can use any sparkling drink. You need 2 packs of jello (raspberry is my choice), 1½ cups of sparkling whatever (Riesling or champagne), & 1½ cups of sparkling whatever (white grape juice), ¼ cup sugar, mandarin oranges, grapes, raspberries & other fruits. I stuff as much as I can into the mold. Sprinkle the jello over ½ cup of wine & let stand for 5 minutes. Heat the rest of the sparkling liquids & sugar to boiling then add jello mix. Chill till thick

then whisk to add bubbles. That's the fun part. Add fruit, pour into mold & chill till firm. Important: spray the mold with cooking spray. You don't want to be serving the jello straight out of the mold.

Becca came back in the house.

"So are you going to give out the green bean casserole recipe, now?" she smirked.

"Naw. I don't do green bean casserole any more. I make caramelized pearl onions and greens beans these days. And corn from a can. And turkey breast in a Reynolds Oven bag, gravy from a pack, potatoes from a tub and pie from the freezer. One fussy thing is plenty."

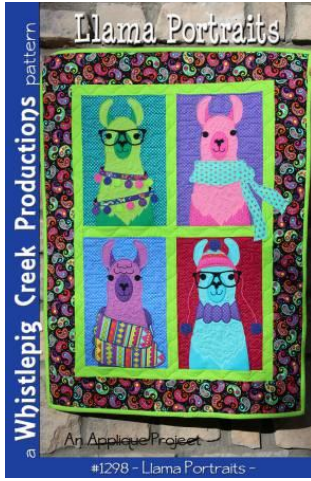

"And we get the drippings over our chow?" she asked eagerly.

"Yup."

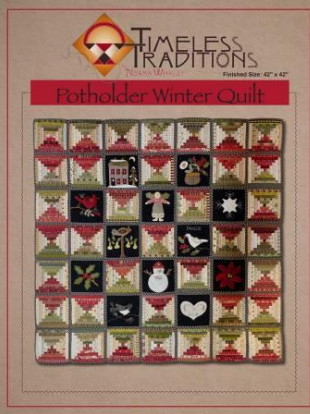

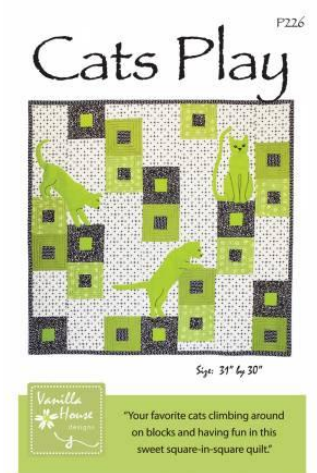

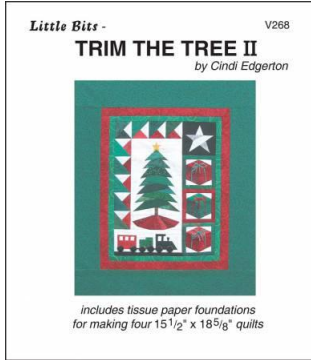

Happy Thanksgiving and may most of your dishes be traditional.

Block of the Month First Sat of month 10:30-11:15 FREE Barb Boyer

Join at any time. You get a free fat quarter if you come to class with the previous month's completed block. This year we're making a black & white + one color quilt. The challenge, if you choose to accept it, is work within the black & white palette (plus one color placed where ever you like). For the color choice, we are drawing paint chip cards, covered in newspaper so you can't see what color you're getting. But...if you don't like the color you've drawn you can 1) swap with a neighbor, or 2) draw a new color. And if you just can't bring yourself to work in neon green and no one will swap with you, you can just choose your own color.

Grandmother's Flower Garden, English Paper Piecing last Monday of each month, 2-4 Barb Boyer \$20 (one time fee)

We will teach the basics of English Paper Piecing, the simple & easy way to hand piece. English paper piecing dates back to the early 1800s. It is a hand sewing method that uses paper templates to help sew complex angles together, like hexagons. Any number of different designs can be made, including **Grandmother's Flower Garden** (this is the pattern we're doing this year). We will also show how to hand piece the traditional way, also, if you are interested.

Hand Embroidery Club 2nd Sat. of the month, 10-noon FREE Kathy Sconce

If you want to learn to hand embroider or just brush up your technique, join us on the second Saturday of the month from 10 to noon. You can work on your own projects or you can join the project we are doing. This year we are following a purchased pattern called Gardner's Alphabet Quilt Block of the Month by Crabapple Hill. We will explore a variety of embroidery stitches for each block each block (2 letters per month), plus we will learn how to color with regular crayons to enhance the blocks. Each month Kathy Sconce shows us a new stitch to try, plus, she guides us through thread choices, how to knot, fabrics to use, and tracing techniques.

Knit Pickers' Club 2nd and 4th Wed of each month, 3-7 Carol Moler

We are changing up the Knit Pickers' Club. We're going to knit 2 days a month every second and fourth Wednesday, and we'll start earlier in the day at 3. For those of you who work, we'll still be knitting >till 7. The Club is open to all skill

levels. We want to share what we've learned, find new patterns, and simply just sit and knit. We work on some felting projects, fingerless mittens, mittens, and socks. And we are working on a group project meaning everyone does the same pattern. Each month we will learn a different pattern, make it into a square and eventually put all the squares into one project Afghan, scarf, bag, etc.

Live Each Season Wool Applique Thurs: Sept 5, Oct 3, Barb Boyer \$20

This wool wall hanging has 4 rows: Spring, Summer, Fall & Winter. We started the project last year with the Winter row. We've done the Spring and the Summer and now it's onto Fall. You can join us for this last row, and then pick up the other rows if you want to do the entire wall hanging. You will learn wool applique, various embroider stitches, and how to add fun embellishments to your wall hanging.

Long Arm Quilting Classes Wednesdays from 10:30-1:30, 2:30-5:30 Barb Boyer \$30

(check calendar for specific times & dates)

In this class you will learn all about the Nolting long arm quilting machines: loading, threading, quilting. I will demonstrate how to load and thread, set stitch length, change tension, wind and load bobbins. Then I will load a practice quilt onto the machine and show how to do hand guided quilting. Each student will be given at least 15-20 minutes of practice time. (Each class is limited to 4 students). You will be able to do free hand quilting plus you can practice following a pantograph. Any quilter who wants to rent to machines must take this class first, regardless of whether you have experience on a long arm machine. This class is not designed to teach you everything there is to know about long arm quilting it's just a start.
